

Registering a macOS device with Microsoft 365

- 1) Download, and install the *Company Portal* app from Microsoft (<https://go.microsoft.com/fwlink/?linkid=853070>). Launch the app and Sign-in.

- 2) Upon opening the app, you'll be prompted to sign in. Please log in using your WEHI email and password. You will then be prompted to Set up WEHI access – click Begin

- 3) Read the privacy information but don't be alarmed – we can actually only see your computer's name and operating system version.

- 4) Once you reach this screen you just need to quit the app – your Mac is registered. Confirm that by going to <https://regocheck.wehi.edu.au>
